

DTM Ltd Injectors in Stock and available for next day delivery.

- Injectors are sold on an exchange basis, this means that we require your old complete and physically undamaged faulty injector when purchasing a remanufactured unit from us. A £25 surcharge may be applied to the cost, but refunded once we receive your old unit/units.
- All injectors are fully re-manufactured, Bosch quality scanned and come with a 12 month/12 thousand mile warranty.
- Fuel systems should be checked for contamination prior to fitting injectors or fuel pumps, warranty due to contamination cannot be accepted. All pumps and injectors leave us capped and sealed having passed rigorous Bosch test procedures.
- Injectors can be collected from our Bristol work shop or we can next working day courier service them to you for £6.95. All prices given are subject to VAT.
- If you do not see the part number you require listed Please call for Price and availability. We may have old core units waiting to be Re-manufactured.

Please check part number is fully compatible with your vehicle prior to purchase, if you require assistance in checking or anything else's please call us.
